

Key Words

Nematoda

Round worms
Nematode phylogeny
Ecdysozoa
Cuticle
Collagen
Molting
Ecdysis
Cryptic biology
Diversity
Abundance
Pseudocoelome
Hydrostatic skeleton
Longitudinal muscles
Internal anatomy
Mouth
Pharynx
Intestine
Anus
Renette cells
Excretory canal
Excretory pore
Ovary
Uterus
Gonopore
Seminal receptacle
Mouth
Lips
Amphid
Testis
Vas deferens
Ejaculatory duct
Spicule
Seminal vesicle
Cloaca
Nerve ring
Longitudinal nerve cords
Muscle process
Pharyngeal muscles
Cuticle layers
Fibrous layers

Lipid layer
Collagen
Cortex
Amphid
Papillae
Phasmid
Nerve cell arrangement
Protoplasmic extensions
Renette gland
Renette canals
Excretory pore
Dioecy
Sexual copulation
Bursa
Intestinal worms
Parasites
Lifecycle
Egg in feces
Embryonated egg
Migration of larva
Rhabditiform larva
Filariform larva
Filiary worms
Elephantiasis
Lymphatic system
Microfilariae
Hematophagous insect
Mosquito vector
Lymphatic fluids
Root parasites
